STUDENT GRANT POLICY

1) BEMS and EBEA members, students and/or their advisors are notified of the opportunity to apply to have their registration fee waived via the newsletter, abstract acceptance letters, websites, and email announcing requests for student support applications. At the time of abstract submission, or thereafter, students should submit the above completed student support application.

To be eligible, the student must:

- **Be a first author of their abstract,**
- **Present their paper at the BioEM2016 Joint Meeting, and**
- **Be a member of EITHER society (see membership applications)**
- **Submit a letter from their Major Professor confirming that they are students**

2) The number of grants awarded will be determined by the availability of funds.

3) The requests are collected until a predetermined deadline at which time the Local Organizing Committee (LOC) will send out notifications via email approving student support.
